

EARLY LEARNING AND CHILDCARE

Together for Better in County Roscommon: A lookback on the first programme year

In 2023, State investment in early learning and childcare will exceed €1 billion for the first time. The overwhelming majority of this funding is allocated through Together for Better, the new funding model for early learning and childcare.

Together for Better brings together major early learning and childcare investment strands for the first time – the Early Childhood Care and Education (ECCE) programme including the Access and Inclusion Model (AIM), the National Childcare Scheme and Core Funding – working to serve children and their families, educators, practitioners and providers.

In 2023, this has seen investment of:

- €308 million for the ECCE programme including AIM – giving children the best possible start in life.
- €342 million into the NCS, enabling thousands of families to avail of more affordable early learning and childcare.
- €266 million for Core Funding, a brand new fund going directly to providers to ensure sustainability, freeze fees and enable higher rates of pay for educators and practitioners.

This short brief provides an overview of Together for Better in County Roscommon for the 2022/2023 programme year – which ran from September 2022 to August 2023.

In County Roscommon, 64 services were in contract for one or more strands of Together for Better for the programme year 2022/23. A table of these services and which strands they offer can be found here: <https://www.gov.ie/en/publication/4a91f-elc-settings-by-local-authority/>

Better for Children and their Families in County Roscommon

National Childcare Scheme (NCS)

The NCS provides financial support to help families with their early learning and childcare costs.

In 2023, the Government was able to increase NCS subsidies so that out of pocket costs for families fell by 25% on average.

Because of the increase in investment in the NCS, the number of families availing of NCS subsidies has risen by 74%, to its highest ever level. In County Roscommon, this has meant that:

- The number of children benefitting from the NCS between January and August 2023 was 2,032, this compares to 1,226 in the same period of 2022, an increase of 66%.
- The number of services offering the NCS for the programme year 2022/23 was 57.
- The total funding under the NCS between January and August 2023 was €3,005,371.20, this compares to €1,807,674.90 in the same period of 2022, an increase of 66%.

The Early Childhood Care and Education (ECCE) Programme

The ECCE Programme is a free universal two-year preschool programme available to all children within the eligible age range. It provides children with their first formal experience of early learning prior to commencing primary school. The programme is provided for three hours per day, five days per week over 38 weeks per year. The programme year runs from September to June each year. In County Roscommon:

- The number of children enrolled in the ECCE programme for the programme year 2022/23 was 1,433.
- The number of services offering the ECCE programme for the programme year 2022/23 was 56.
- Total funding under the ECCE programme for the programme year 2022/23 was €3,651,378.40.

Access and Inclusion Model (AIM)

AIM is a programme of supports designed to ensure that children with disabilities can fully participate in the ECCE programme, thereby benefitting from quality pre-school education. AIM provides a suite of universal and targeted supports. In County Roscommon:

- The number of children benefitting from targeted AIM supports for the programme year 2022/23 was 90.
- The number of services benefitting from AIM for the programme year 2022/23 was 39.
- Total funding to providers under AIM for the programme year 2022/23 was €458,371.86.

Better for Educators, Practitioners and Providers in County Roscommon

Core Funding

Core Funding is a brand new Government investment package for providers. In 2023, €266 million was made available and this new investment has, for the first time, enabled:

- Improved affordability for parents by ensuring that fees do not increase;
- Improved quality through better pay and conditions for the workforce;
- Improved sustainability and stability for providers.

Core Funding operates alongside the ECCE Programme and NCS and provides additional income for providers on top of funding for these schemes, as well as income from parental fees. In County Roscommon:

- The number of services in contract for Core Funding for the programme year 2022/23 was 62.

In County Roscommon, 62 services received €3,004,713.98 through Core Funding: an average payment of €48,463.13 and a median payment of €24,893.84.

99% of all services benefited from increased funding under Core Funding. Approximately 1% benefitted from a funding guarantee that ensured no service will receive less in Core Funding than it previously received the previous funding model.
